**Subject:** Feedback - Hu Meigang

Geoff,

Could you please send the following feedback regarding Hu Meigang to his direct manager/supervisor or someone who can forward it to them?

I have been very impressed with Hu Meigang and have the following comments regarding his performance:

- Exhibits an excellent attitude towards HSE. He consistently provides feedback on potential risks in the workshop and any incidents/near misses
- Has strong work ethics and sets an example by performing tasks above and beyond what is required of him
- Exhibits a drive to develop better processes
- Has taken the initiative to resolve problems with minimal assistance from onsite management
- Willing to take on new responsibilities and act on opportunities
- He possess very sound technical and professional skills and uses those skills daily
- Is dependable and possesses strong leadership and problem-solving skills

Thank you.

Regards,

**Michael Sidrak**
